I appreciate the update. I been told that UMASS plans on replacing the existing system with the Software House C-Cure access control system.

Hi Jeremy,

We now have a Blackboard system, I am not sure of the new system( I will find out) but it will be installed by Johnson Controls and serviced as now by UMass. I just though MSP would want to have input with new system.

Hi Jim,

I was out last week but I am following up with Dr. Vallaro regarding your security question.

We currently use Paradox for our access control system and it is serviced by a company called LanTel.

Hi Jeremy,

UMass and Johnson Controls are changing our card swipe system used to access restricted areas. Who handles your security issues? They might need to get in touch with UMass or Johnson Controls.
